## THE NEED

The Board of Directors of the Cove Guest Home Foundation are undertaking an ambitious endeavor to relocate St. Mark's Church, located on Keltic Drive, Sydney, NS. The Church has faithfully served the community of Coxheath and Westmount since 1857 and now lies vacant.

There is a great desire to have St. Mark's remain as a place of worship, instead of being demolished and have it relocated to the Cove Guest Home property on Churchill Drive. Once moved, St. Mark's will serve as a non-denominational Chapel for the residents and families of the Cove and the Assisted Living Centre. The vision is to restore this beautiful old church and provide an opportunity for anyone to hold their own special ceremony in a place that has touched so many people's hearts in the past.

## THE SOLUTION

This is a monumental undertaking. However, if we each play a part, we can once again make history and resurrect St. Mark's to its former glory. This will happen, only with the dedication and resources of many, many people. Every gift, regardless of size, will make a huge difference. The benefits reach far beyond the local community, who will be able to hold private weddings and baptismal ceremonies, but also the Chapel will serve as a Beacon of Faith for the senior community for years to come.

All gifts will be recognized in the official Moving Forward Campaign dedication book. Once the project is completed, the Book will recognize significant gifts made by individuals and businesses.

Let us move forward together to save St. Mark's Church from demolition. Let us give our prayers and contributions to the Moving Forward Campaign.

With your help, we will accomplish this noble endeavor.

I want to help support the "Moving Forward" Campaign through my donation of:

- \$25    \$50    \$100
- \$250    \$\_\_\_\_\_

### Method of Donation:

- Cheque    Money order
- Visa    MasterCard
